

Frog Dissection Guide

Dissection lab: you won't actually need your mask and gloves in here, so you can relax. but if you want to see dissection photos, there's lots including some new ones of the sheep brainymology and taxonomy. the name frog derives from old english frogga, abbreviated to frox, forsc, and frosc, probably deriving from proto-indo-european preu = "to jump". moreover, the etymology of the order name anura — and its original spelling anoures — corresponds to the two ancient greek words ἀν-(an-), expressing the "absence
