

Out Of Our Minds Learning To Be Creative Ken Robinson

'ken robinson writes brilliantly about the different ways in which creativity is undervalued and ignored in western culture and especially in our educational systems.' john cleese 'out of our minds explains why being creative in today's world is a vital necessity. this is a book not to be missed. read and rejoice.' ken blanchard
loymachedo's book review – out of our minds: learning to be creative by sir ken robinson
out of our minds is a book of 286 pages divided into ten chapters where the main focus is education versus creativity, the history of creativity, the drawbacks, the challenges and the changes required in the current educational system to promote creativity as much directed to learning institutions as they are to industry. "for a book called out of our minds, ken robinson's illuminated assault on the current state of academic education is actually a very sane read. the current obsession is not only failing businesses but also our children. robinson is right on the money." arts professional "out of our minds has a powerful agenda sir ken robinson phd is an internationally recognized leader in the development of creativity, innovation and human resources. he speaks to audiences throughout the world on the creative challenges facing business and education in the new global economies. sir ken is professor emeritus of education" ken robinson writes brilliantly about the different ways in which creativity is undervalued and ignored . . . especially in our educational systems." — john cleese "out of our minds explains why being creative in today's world is a vital necessity" ken robinson phd is an internationally recognized leader in the development of creativity, innovation and human resources. he speaks to audiences throughout the world on the creative challenges facing business and education in the new global economies.

"out of our minds explains why being creative in today's world is a vital necessity. this book is not to be missed." --ken blanchard, co-author of the one-minute manager and the secret this book is not to be missed." out of our minds explores creativity: its value in business, its ubiquity in children, its perceived absence in many adults and the phenomenon through which it disappears — and offers a groundbreaking approach for getting it back. author sir ken robinson is an internationally recognised authority on creativity, and his ted talk on the subject is the most watched video in ted's history. in
